

CIRCUIT CITY IN SOUTH SAN JOSE – 20% OFF DIGITAL CAMERAS & GEAR

I have a special deal for your SJSU students (or faculty) who may want to buy a digital video camera or other electronic components for their classes.

This summer I encountered an SJSU grad working as one of the managers at the CIRCUIT CITY in South San Jose (on Almaden Expy at Hwy 85). I purchased some camera gear from him for the SF Chronicle reporter who agreed to shoot video behind the scenes at the two political conventions for my classes.

The SJSU grad and I discussed the need for RTVJ and other JMC School students to buy digital video & gear for upcoming convergence assignments. He talked it over with his boss who approved offering **SJSU students this deal:**

If students bring their university ID card to their South San Jose Circuit City store (only) and work directly with him on choosing a camera and any gear, he will give students an additional 20% off on their purchase at their store.

While HD cameras are still quite expensive (\$700 - \$1500), regular digital cameras viable for Update News, Spartan Daily projects, advertising, PR, etc. now run as low as \$240. A few are even lower.

CONTACT INFO: Go only to this South San Jose Circuit City store and ask specifically for this person:

**ANTHONY VOLZ, Manager in the camera dept.,
Circuit City Store - 5353 Almaden Expressway, SJ 95118**

His days off are MONDAY & TUESDAY.

[Students should go online and see what Circuit City offers](#) to decide on a camcorder and gear before heading to that store to see Anthony. Stay within your budget and get something you will use at SJSU!

We did not discuss how long this SJSU offer will last. So ACT NOW!
